## How did the Fund perform in the last year?

For the 12-month Period ended March 31, 2026 ("Period"), the Fund delivered the following returns:

Fund	NAV Return (%)	Market Price Return (%)	Underlying Index Return (%)
KLIP <sup>^</sup>	-0.27	-0.31	N/A

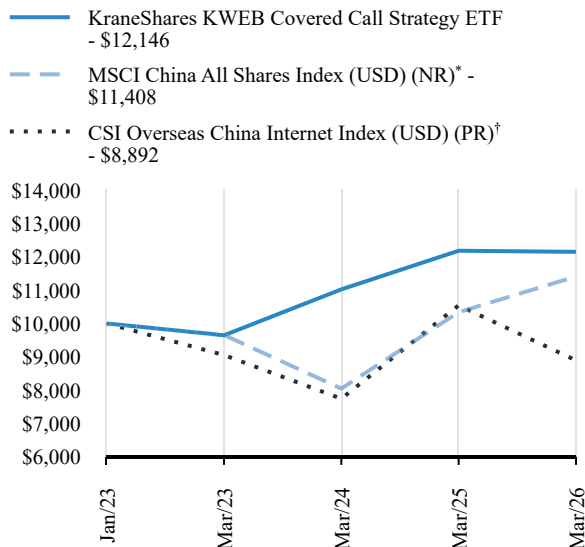

<sup>^</sup> Fund is actively managed and does not track an Underlying Index.

The KraneShares KWEB Covered Call Strategy ETF seeks to provide current income. To achieve its investment objective, the Fund employs a covered call strategy. Under normal circumstances, the Fund invests at least 80% of its net assets (plus borrowings for investment purposes) in the component securities of the CSI Overseas China Internet Index or in instruments that have economic characteristics similar to those in the Index and writes (sells) covered call options on the Index or in instruments that have economic characteristics similar to writing covered call options on the Index. Currently, the Fund invests in the KraneShares CSI China Internet ETF (the "Underlying Fund"), which is an exchange-traded fund advised by Krane that seeks to track the Index, and to write (sell) covered call options on the Underlying Fund.

A decline in the volatility of China's internet equities led to a decrease in the options premiums earned by the Fund during the period. China's internet equities underperformed the broader Chinese equity market, as measured by the MSCI China All Shares Index, due to intense competition in China's E-Commerce industry, which weighed on the margins of large-cap e-commerce firms.

Krane Funds Advisors, LLC (“Krane” or the “Adviser”), the investment adviser to the Fund, entered into an agreement whereby its officers and employees, among others, through KFA Two Holdings, LLC, will acquire a majority interest in the Adviser from China International Capital Corporation (USA) Holdings Inc., a wholly-owned, indirect subsidiary of China International Capital Corporation Limited (the “Transaction”). Consummation of the Transaction will, under the Investment Company Act of 1940, result in the automatic termination of the Fund’s existing investment advisory and, if applicable, sub-advisory agreements. In anticipation of the Transaction, the Board approved new advisory and, if applicable, sub-advisory agreements on terms identical to the existing agreements (other than effective and termination dates), subject to shareholder approval of the new advisory agreement. The new sub-advisory agreement will take effect in reliance on a manager-of-managers exemptive order. To ensure continuity of management pending shareholder approval of the new advisory agreement, the Board also approved interim advisory and, if applicable, sub-advisory agreements, effective upon closing of the Transaction, each with terms substantially identical to the current agreements, to remain in effect for up to 150 days while shareholder approval is sought.
